爆れつハンターという作品も本当に佳境になってきた。実は今、怖い。怖くてたまらない。どんな作品にもゴールはある。そして、この作品にもあったということが怖いのだ。ゴールは見えた。後はそこにシュートするだけだ。願わくば、あのイラン戦の岡野のように決まりますように。

Sorcerer Hunters 11

Sorcerer Hunters

With the origin of the Sorcerer Hunters now revealed, the story returns to the mighty quintet and their eternal mission...namely, keeping Carrot's libido in check. However, a change befalls Carrot, a pensiveness replaces his usual salaciousness, prompting both Tira and Chocolat to confess their true feelings for him. But, much to their chagrin, Carrot seems to be developing a more mature relationship with a girl named Mousse. And there's plenty of swordplay, magic and sorcerer-bashing to keep this tale of romance from getting too mushy.

The Sorcerer Hunters

Carrot Glace

Despite the fact he has no leadership skills, this sex-obsessed loser always ends up leading the Sorcerer Hunters on their quests. Though he typically gets his ass handed to him in a fight, when magic is used on him Carrot morphs into a fearsome beast. He recently discovered that he's the reincarnation of the God of Destruction.

Marron Glace

Carrot's beautiful and devoted younger brother, Marron uses Eastern magic to summon spirit animals and throw sacred parchments.

Tira Misu

Most of the time, this shy redhead looks as harmless as Little Red Riding Hood, but she also has an affection for leather and lace. Against her better judgment, she has a thing for Carrot.

Chocolat Misu

Tira's older sister Chocolat was forced to wear the pants in her family when their parents died. Her weapon of choice is a deadly garrote wire and she's hopelessly in love with her "Darling," Carrot, even though he's terrified of her.

Gateau

The proud and strong heartthrob of the Sorcerer Hunters — or at least he likes to think so. He shows off his muscles any chance he gets, but underneath the muscle-head exterior he is devoted to his sister Éclair.

Big Mama

The leader of the Sorcerer Hunters who resides in Eden with Grand Pa and Daughter. She issues orders to the gang, and instills the fear of God into Carrot. When her "children" need help, she sends in her elite Haz Knights as backup.

Is it because
Why won't you let us sleep?!
Because of that child...
We finally found peace!

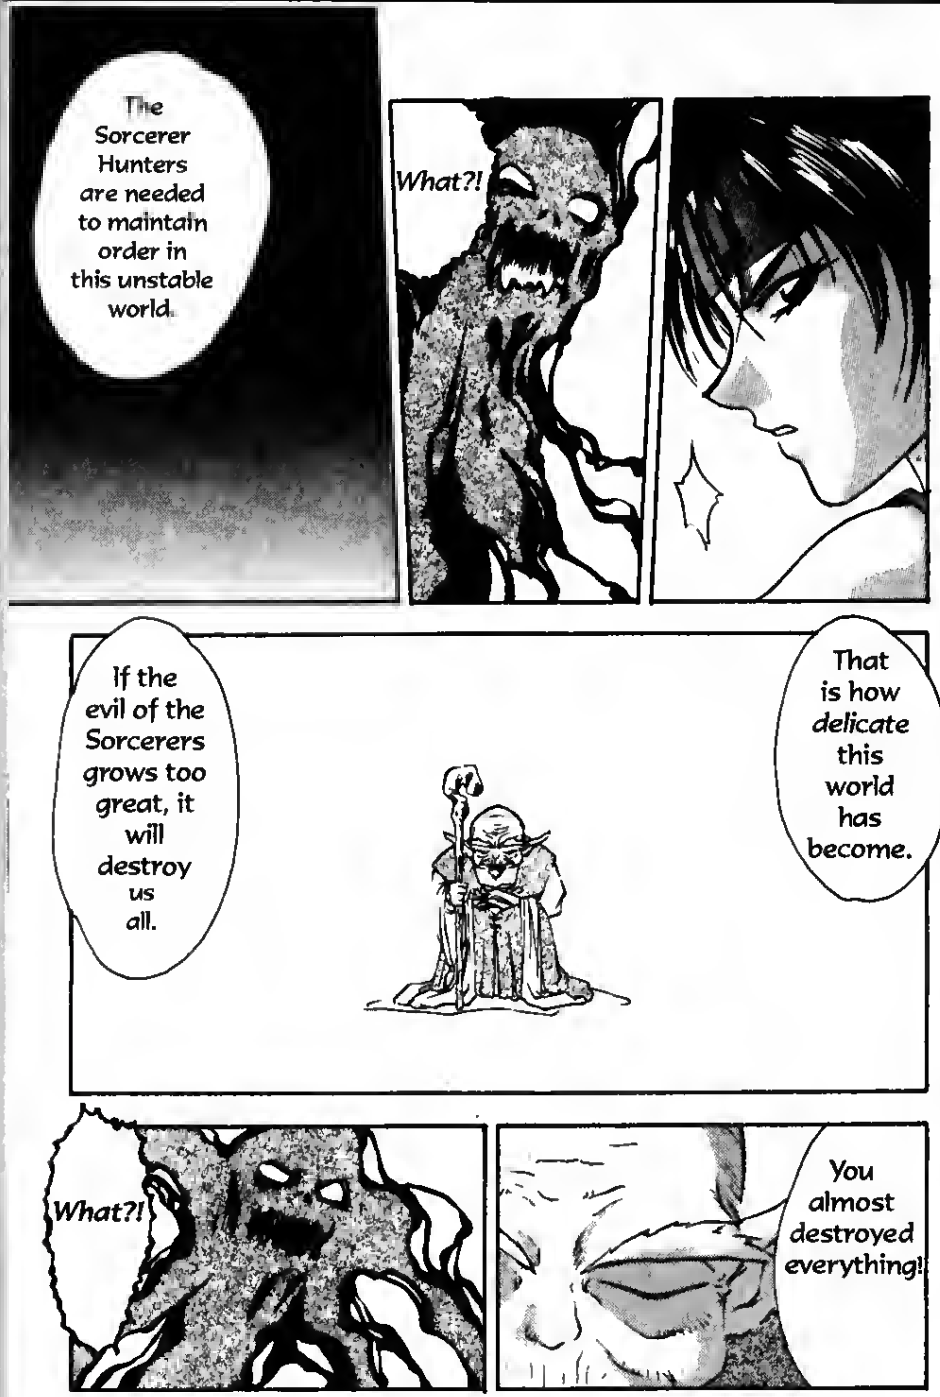
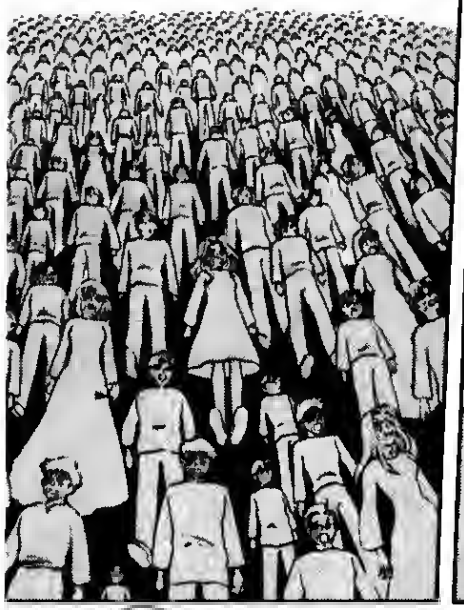
The powers of the spirits... can cut ghosts!
Why?! What gives you Sorceror Hunters the right to judge us?!
.....



The Sorcerer Hunters are needed to maintain order in this unstable world.
What?!
If the evil of the Sorcerers grows too great, it will destroy us all.
That is how delicate this world has become.
What?!
You almost destroyed everything!

Impossible!
We rule...
...this world!
Grand Pa?
Apricot. So, do you understand your fate?
Huh?!
Please return to normal for now, Apricot.
.....



Where are we?

Ridela.

In the year 2800 A.D. of the old era, a small group of people decided they wanted to forego centuries of evolution.

They ceased being people and became a new life form.

Before the war, mankind had reached the pinnacles of science.

People stopped being people?

Here the people stopped being people.

This city was the sole victor of the Great Magic War--

That was in Ridela.
This... is a city?!
However, they made a grave mistake.
A powerful ego emerged in this life force called Ridela.
An ego that would not allow the existence of other life forms.
It refused to let these life forms be,
and the war began.
This city.

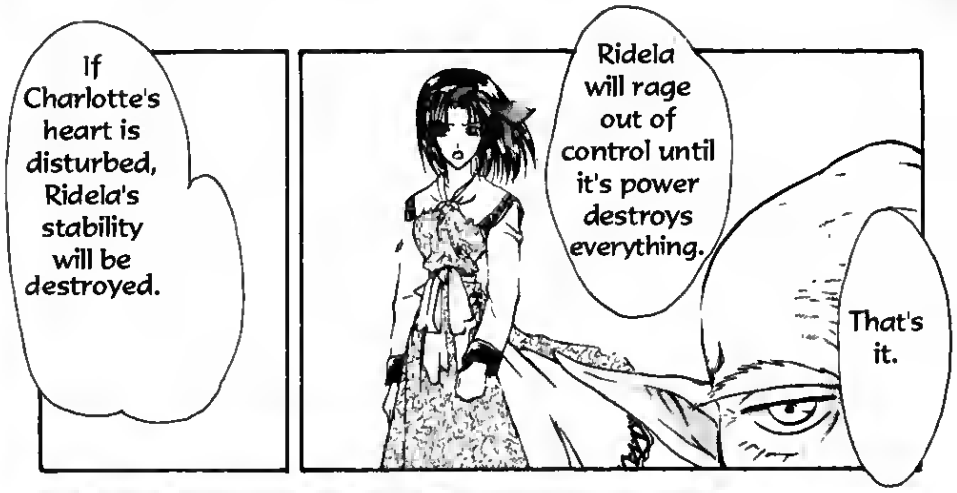
The scientists who built Ridela...

They called themselves the Creator Gods. And among them was one who engineered this worst possible scenario. He altered himself and his followers into a life force that would control Ridela.

If this *power* entered the unified Ridela it could control the city itself. The followers took the name of that scientist and called themselves the Stella Family.

Their power was too weak to control Ridela, and they had to wait several generations for one who could manifest enough power.

More and more lives were lost until the very end, when he appeared.
Lord Charlotte.
Those who can interface with Charlotte and glean the power of magic from Ridela, those are the Sorcerers.
All of those in Stella Castle were psychically linked with Charlotte.
They received the magic of Ridela.
And they keep it today.
Ridela derives stability from its unity.
However, if the Sorcerers manifest evil power, that unity crumbles.



If Charlotte's heart is disturbed, Ridela's stability will be destroyed.
Ridela will rage out of control until it's power destroys everything.
That's it.

Sorcerer Hunters are needed to protect the stability of this world.

Oh... but...
What entered my body back then?
And who were those four...?
.....

Apricot, the magic that Ridela rekindled once entombed a terrible monster
It is now inside of you
After Ridela was under control, it was all the world had to fear.
But at that time...
What are you saying...?
When Charlotte's powers were awakened, it attacked Stella Castle as well.
Facing the power of Charlotte's awakening, the four gods used their power to safeguard it, sealing it away in the most pure heart they could find.
Grand Pa...?!
Mama and I have always searched for the host.
We sealed away Stella and created a bridge to it over time.

Grand Pa, what is it?
What in the world is inside of me?
.....
The all-powerful god of those born in darkness.
Huh?!
The God of Destruction.
You...!
With my client dead, I have no need to fight.
And I can't betray the one inside of you.

Not me...
...or that old man.

Huh?!

It's been a long time, Gin Namba.

We were both young then.

Grand Pa..? Are you...?

Both Nin Gamba and I once commanded the Ghouls.

What?!

What will you do now, missy?

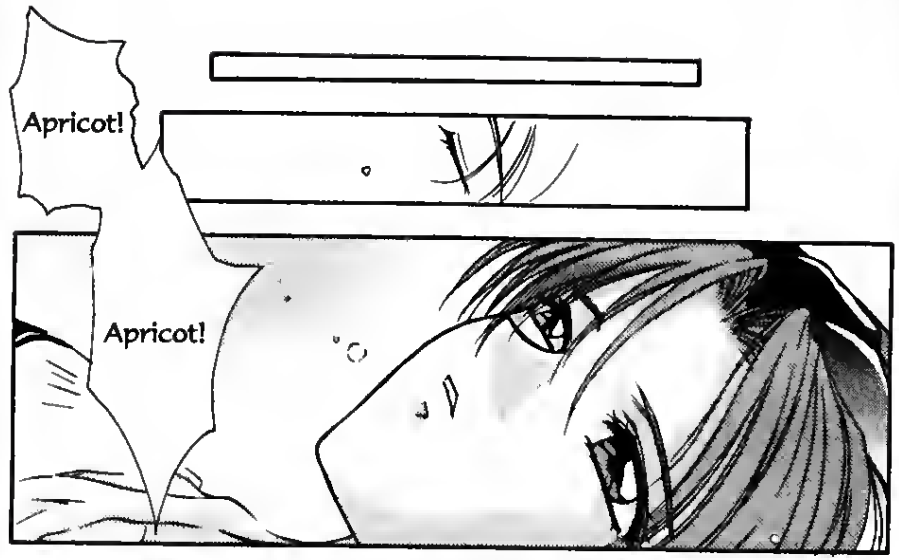
Huh?
That which is inside you is a danger that threatens Ridela.

I expect that when you eventually have a child, that child will be...

...I...

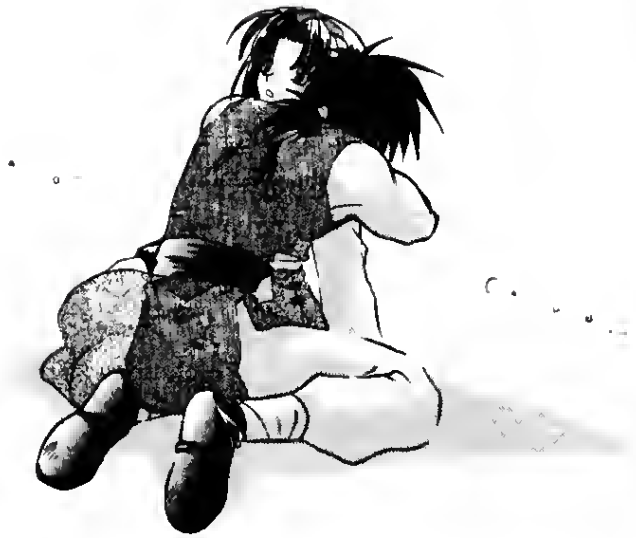
I...
I...

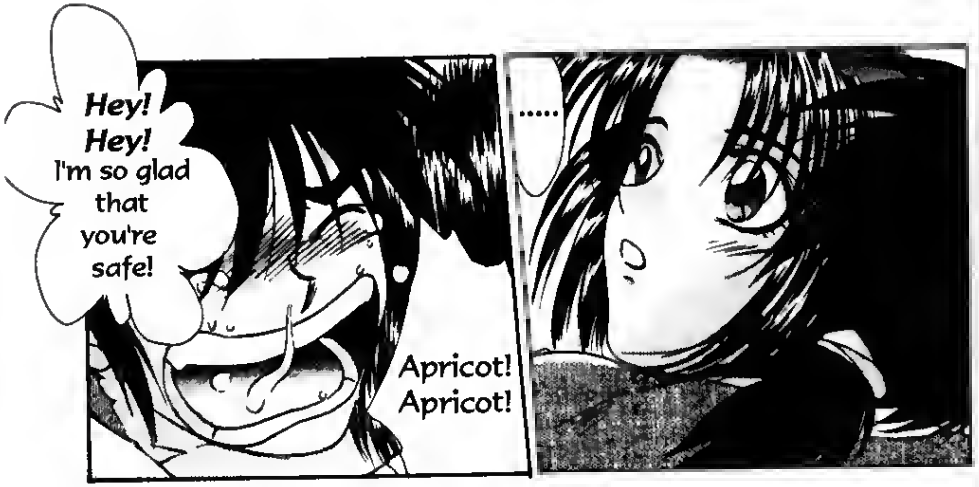
Apricot!



Apricot!
Apricot!

Where am I?
Apricot!
EEK!





Hey! Hey! I'm so glad that you're safe!
Apricot! Apricot!

You can stop crying already! Act like a grown man!

But, Apricot...
Really, what am I going to do with you?

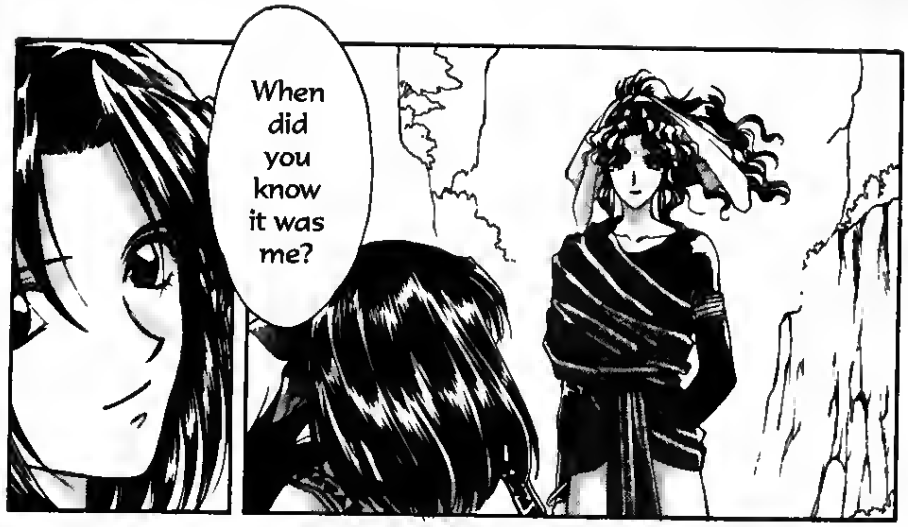
Huh?



When did you know it was me?

When I saw Stella.

What're you talking about?
It's no-thing
ACK! Wait up!

APRICOT!!

Big Mama, it was Apricot.

And she has accepted everything.

Grand Pa... Hmp.

First Charlotte, now her. I have once more forced an unimaginable fate upon a child.

Big Mama...

My sins will never be forgiven for all eternity.

But where's Carrot?
This is the sort of thing he goes crazy for.

AFTERWORD

Hello, this is Omishi. Sorceror Hunters made it to Book 11. We're finally getting to the climax.

All of the Haz Knights have been introduced now. What do you think? Um... The Retro Story ended in this book. I really can't draw a "Marron face" so I'm not sure if Apricot looked like her son or not.

Anyway, Sorceror Hunters will continue for just a little while longer. Please buy the next books too.

See you later.

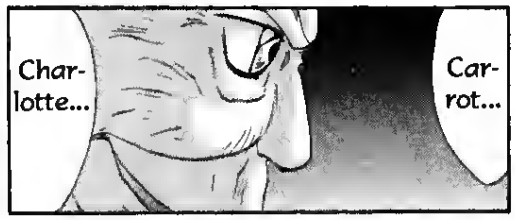
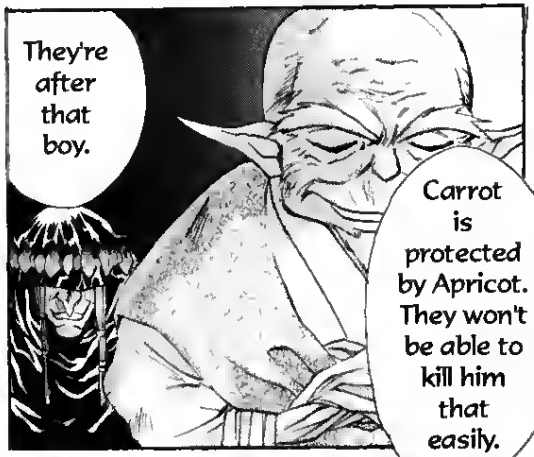
Something is happening, yes?
Yes.
St. Hordick Mountain is connected to Ridela.
That way, if something happens to Ridela, we will know immediately.
Then you know something of it.
Cool Mint and Almond Rassel have started to take action.

So the time has come?

That's right. But it's not Kanure who holds the key.
It's Charlotte, now. And Apricot's child.



Char-lotte...
Car-rot...



They're after that boy.
Carrot is protected by Apricot. They won't be able to kill him that easily.

But, what if Carrot chose to awaken the God of Destruction himself?
What ?!
